Dear Parents/Carer

Cox Green School – Careers Provision

I am delighted to inform you that after half term your son/daughter will be introduced to the careers provision that we provide here at Cox Green. We are very proud of our Careers provision and we have recently been awarded the Careers and Enterprise certificate for making significant achievement in our careers provision due to the support we provide all our students.

The aim of the sessions after half term is to provide an opportunity to meet me, ask questions and understand the advice I can offer and hear about the work that is taking place throughout the school in relation to careers. To begin with students will be met in tutor groups and the session will be carried out during tutor time. Students will then be given a sticker to put in their planner to show you with some follow up actions to be done at home, afterschool or at lunch time in the library. Students will be tasked with researching a variety of careers and possible pathways they could follow in the future.

We would very much appreciate if you could support your child with this. Furthermore, talking with your child about your chosen career/s and encouraging other family members and friends to do so will also help broaden his/her horizons and help them develop their careers understanding. The school website (Information/careers advice) has further information that can assist and support you when talking with your child about labour markets and future study options.

If you have any further queries please do not hesitate to contact me by email, s.mckay@coxgreen.com
Thank you in advance for your continued support.

Yours sincerely

Sara McKay
Careers Adviser
