

06 October 2017

Dear Parent or Guardian

I'm writing to let you know that we've recently decided to launch Doodle Parent, an online platform where you can easily view homework tasks your child has been set across their subjects, as well as up-to-date assessment information.

**With Doodle Parent, you can:**

- View all homework tasks your child has been set, including when homework is due;
- Access any resources your child has to complete for homework;
- See all homework that has been handed in, including scores received for Doodle quizzes;
- View a detailed overview of your child's strengths, and specific curriculum points where they can improve;
- Encourage independent learning so you know exactly what your child needs to work on;
- Have meaningful conversations about what your child has been learning at school.

You will need to create a parent account on Doodle to access your child's information. See instructions below.

**How to get started:**

- **At the bottom of the Doodle homepage (<https://www.doddlelearn.co.uk/app/login>) click on the 'Doodle Parent' icon**
- **Select 'create account' and enter your email and choose a password**
- **An email will be sent to you with a link to confirm your details**
- **Login using this link and enter the Parent Key below when prompted**

You will be prompted to link to your child using the 16 digit key provided

Doodle Parent is accessible from any computer, laptop, smartphone or tablet.

If you have any difficulties using Doodle Parent, please contact me at the email address below.

Yours sincerely,

Robert McAlaney  
Assistant Headteacher
